## RANGE LIFE WINES

---

Range Life Wine is brought to you by Cam Marshall and Barney Flanders. Focusing on Italian varieties grown in Victoria, the aim is to produce wines that are incredibly versatile and easy to drink.

The project began with an obsession with Soave and it's main variety, Garganega. It has now grown to include Prosecco, Pinot Grigio, Rosso, Pinot Nero (Noir) and Sangiovese.

Winemaking involves very little input, be it additions or oak. Range life is about fruit expression over human intervention.

All of the wines are bright, juicy, vibrant and fresh.
